

TO BE THE BEST

FALL FESTIVAL PROMISES MANY ENTERTAINMENTS.

ENOUGH MONEY RAISED

To Pay for All—The Aeroplane Flights and Parachute Leap Creates Many Thrills.

The fall festival to be given in Maryville on October 8, 9 and 10 promises to be the best entertainment ever held for its visitors. The festival is in charge of the Commercial club, and all arrangements are practically made now for the affair. Enough money has been subscribed by the merchants and citizens to pay for the entertaining features.

The colors for the festival will be crimson and white. They were selected by the committee, which met last night.

That Maryville will have during those three days some wonderful aeroplane flights is now assured. Aviator Roy Francis and Sky-High Irving have been secured, and at every place these two have been they certainly made good. They were at Cape Girardeau, Mo., just a few weeks ago, and the following is what the Republican of that place had to say about them:

Sky-High Irving made his parachute leap from the aeroplane Thursday afternoon at the fair grounds exactly as advertised. His performance evoked a tremendous outburst of applause and approval. Three thousand city people who had defied the threatening elements and gone to the fair grounds were well repaid for their trouble and temerity against the possibility of rain and storm.

They first saw Roy Francis go up in his aeroplane, that really looks as safe as a road cart behind a 20-year-old Dobbin. Francis flew around the fair grounds for about twenty minutes, performing all kinds of fancy curves and displaying complete mastery of the big machine. He flew high and low, darted in and out and then flew over to a field about a mile from the grounds.

Many in the big crowd thought something had happened that caused him to make an unplanned descent away from the grounds. Francis, however, was merely joining the parachute jumper, Irving. When two men are carried a little more space is required to get off the ground than is furnished on the fair grounds. The trees and hills around the grounds make it difficult for Francis alone to get up, and it is noticed that he makes a quick turn to the west at the south end of the fair grounds when starting out to avoid collision with the tall trees on the bluffs.

Some of the crowd began to grow uneasy, as a half hour passed before anything was heard from Francis after he alighted in the field over the hill. Some even left the grounds, thinking that the aerial exhibition was over for the day. Just about that time the engine of the aeroplane was heard throbbing and in a few seconds the machine was observed coming over the hill and wending its way upward to the clouds. Francis had Irving perched on a small wing beneath him and Irving had his parachute folded up on his lap. The machine made several circles around the fair grounds, going higher and higher until an altitude of 2,000 feet was acquired.

Francis then stopped his engine slightly to notify Irving to prepare to jump. In twenty seconds the engine was stopped again and started immediately, when Irving made his leap. He merely dropped from his swing and his body shot downward for about a hundred feet. The big parachute opened gracefully and Irving glided to earth. He landed in the enclosure in front of the grand stand.

Francis glided around in his machine for a few minutes and then descended. The big crowd was well satisfied and everybody declared that it was the finest exhibition of flying and jumping ever seen.

Returns From Eastern Visit.

Mrs. D. R. Eversole and grandson, Ralph Wilson Eversole, went to St. Joseph Monday morning to meet Mrs. Eversole's daughter, Miss Maud Eversole, who is returning from a several months' visit in New York and Chicago.

Their Daughter Operated On.

Mr. and Mrs. W. L. Abshire received word Tuesday of the successful operation for appendicitis on their daughter, Mrs. George Dennis, at Trinity hospital, Milwaukee, Wis.

CHURCHES CHANGE HOURS.

Evening Services Will Be Half Hour Earlier for Young People's Societies and Preaching Hour.

Commencing next Sunday evening the hour for services for all the Protestant churches will be as follows:

Young people's societies, 6:30 p. m. Preaching services, 7:30 p. m. REV. S. D. HARKNESS, Chairman Ministerial Association.

NATIVITY OF MISSOURIANS.

Foreign Born Men, Women and Children Not Numerous in This State.

Interesting information is given on the nativity of the population of Missouri by Labor Commissioner John Fitzpatrick in "advance information from the 1913 Red Book" of the bureau of labor statistics.

Of the 3,293,35 inhabitants of Missouri, 2,222,992 were born here, 84,063 in other states and 229,779 in other countries. The percentage of foreign born is 7; of Missourians 72.6, and of those born in other states, 27.4.

Foreign born men, women and children are not as numerous in Missouri as they were twenty years ago, the decrease being from 88 per cent to 7 per cent, this being due, chiefly, to the birth here of children to former aliens.

When it comes to foreign born citizens of Missouri, the sturdy, progressive German leads all others, there being 88,224 such people in this state. Then comes Ireland, with 23,290 sons and daughters straight from the Emerald Isle; Russia, with 21,401; Austria, 16,219; England, 13,751; Italy, 12,984; Hungary, 11,531; Canada, 7,961; Switzerland, 6,141; and Sweden, 5,654.

Turkey in Europe and Asia, furnished Missouri with 2,084 people and the Huerta provisional republic 1,412. Native Dutch are not as numerous as is supposed, there being only 988 here, but there are 1,125 born in Missouri with one parent from there, and 819 whose mothers and fathers crossed the Atlantic for this side.

Rumanians are more plentiful than those born in the other Balkan states, the number living here being 1,522.

Of the 2,222,925 native born Missourians there are 206,174 with one parent foreign born and 312,027 with both parents from beyond the borders of the United States.

Of the state's population 157,452 are negroes, 313 Indians, 535 Chinese, 99 Japanese, and 4 scattering.

Missouri, in case of war, could put into the field an army of 721,166 men between 18 and 44 years old, composed of 679,305 white, 41,441 negroes and 420 Chinese, Japanese, Indians and others.

The negro voting strength of Missouri, all males over 21 years, is 52,921, which is a gain of 6,503 over ten years ago. There are 973,062 males of voting age in the state, a gain of 117,379 in ten years.

Sold Residence Property.

The residence property belonging to the Jacob Everhart estate on East First street was sold Monday by Allen Bros. to R. R. Brown, who moved here last spring from Dickerson, N. D.

CHARLES DOHERTY.

Engineer Who Drove Wrecked Train Dropped Dead After the Calamity.

Photo by American Press Association.

When a train on the New Haven road crashed into the rear end of another on June 12, resulting in the instant death of six persons, Engineer Charles Doherty asserted that the brakes on his engine were no good. The officials of the road said the engine was in good condition. The engineer escaped death in the wreck but could not stand the criticism, and three months after the catastrophe dropped dead. In this picture he is shown testifying at the investigation into the wreck.

MUST SIGN BLANK

IF YOU LIVE ON COUNTY SEAT ROAD IT'S NECESSARY.

EIGHT REQUIREMENTS

Road Must Be Forty Feet Wide, Graded, Have Necessary Culverts, Brush Removed, Hedges Cut.

If you are on the county seat highways, it will be necessary for you to sign a road construction and maintenance guarantee blank, now in the hands of the commissioners, and when signed will be filed with the road overseers. The blank will be signed after State Highway Engineer Buffum has selected the roads.

Everyone should read carefully the eight requirements given below and be ready to sign the paper when the commissioner presents it. Your name is necessary in order to receive \$15 a mile for work on these roads. It is fortunate for each person having property along these routes on which is spent that amount by the state. The market of produce, the school, the church, the mail route, and all traffic depends on good roads.

The following are the requirements which you will have to agree to fulfill if you are on a county seat or state line road:

1st. To establish a road at once not less than forty feet wide between fences, and that if the undersigned is a property owner along said highway he (or she) hereby donates the necessary ground and agrees to move back his (or her) fence twenty feet from the center of the present road, and failing to do so on thirty days' notice by said county highway board or state highway commissioner, that said fence may be removed by them, or under their direction, and without claim for property or for damages.

2nd. To at once grade the highway so that the same shall be where possible thirty feet wide between the outside of ditches—with a crown not less than two feet in the center, and left in good, smooth condition and so maintained in the future.

3rd. To agree to establish at once on said highway where found necessary by the county highway board, small culverts up to three feet in diameter, of cement or other permanent material—said culverts to be not less than thirty feet long.

4th. To use our influence with county courts to have permanent concrete or steel bridges, with permanent floors of concrete established on the entire route, and to raise such subscriptions necessary to warrant the county court in so ordering bridges established, said bridges to be twenty feet wide between railings.

5th. To at once remove all brush and undergrowth along said highway and to keep down such undergrowth in the future.

6th. To comply with the state law and cut all hedges down to a height of five feet, and at all corners in the road, as a matter of safety to allow no hedge or obstruction to view for a distance of one hundred and fifty feet from said corners.

7th. To reduce the grades on hills to not less than 7 per cent (that is, seven feet height in one hundred feet length) where in opinion of said state highway commissioner or county highway board said grade can be established either by cutting the grade or diverting the road.

8th. That if, at any point on said highway, there can be gravel obtained within a distance of two miles, that the portion of said road within that distance shall be graveled two loads wide, and on or before July 1st, 1914.

On Visit to Oklahoma.

Miss Rena Sturm left Tuesday morning for Oklahoma City, Okla., to visit the family of her brother, Edward Sturm, and Mrs. Carl Mayhall, better remembered in Maryville as Miss Edna Sturm. After a few weeks in Oklahoma City, Miss Sturm will go to El Reno to visit Prof. and Mrs. C. M. Leib. Professor Leib is superintendent of the schools of El Reno, and was at one time superintendent of the Maryville schools. Miss Sturm visited the Liebs eight years ago at Paducah, Ky., when Professor Leib had charge of the schools there. He gave up school work for a few years' rest and gave all his attention to a plantation he owned in Louisiana, and later in Arkansas. Miss Sturm will return in about six weeks.

Mrs. B. C. Halley left Tuesday morning for Sheridan, Wyo., on a three weeks' visit with Gilbert Halley and family.

MAKING PROGRESS

MANY IMPROVEMENTS TAKING PLACE AT WATER PLANT.

PUT IN A NEW BOILER

To Install New Filter Next Week—Work on Dam Good—Water Tower Is Being Delayed.

Work is still progressing on the improvements being made at the city water plant. Another new boiler is being put in now, and then the new filter will be installed within the next few weeks.

City Engineer Flynt was in Kansas City a few days ago and ordered his two sluice gates for the new dam. The gates will be here in about thirty days, and the old dam will not be torn down until the gates are here. This week quarry blocks are being hauled to the river and the rock is being used as rip-rap on the new dam. There are two car loads and the rocks are in big pieces.

The work on the new dam has been very good, and those who inspected the place are of the opinion that it will last some time. And all of the work was under the supervision of City Engineer Flynt.

The big pumps will not be here for some time, as the factory has run out of material. However, it is thought these pumps will be here about the time that the other improvements are being completed.

The low service pumps, boiler feed pump, electrical generator, feed water heater and probably condenser and vacuum pump will be here, as they have been shipped from Dayton, O., and are now on the way. They will be installed at the plant.

The work on the water tower is being delayed, as a car load of crushed rock has not arrived. It is expected within the next few days.

VETCH AS A FARM CROP.

Elmer Fraser Has a Field of It—What One Agricultural Man Has to Say About It.

Vetch is the newest farm crop, and Elmer Fraser has a field of it on his farm, east of Maryville. The following is what an agricultural man has to say about the crop:

The winter or hairy vetch seems to succeed all through this part of the country. It should be sown in the fall like winter wheat and has exactly the same season of growth. It can be sown any time from July to October. It seems to be absolutely hardy wherever winter wheat is hardy and even farther north.

It makes considerable growth in the fall and will grow all through the winter whenever the ground is not absolutely frozen hard. It comes on very quickly in the spring and could be cut for hay as early as May 15th, or for a seed crop about a month later. It makes a very heavy growth of vines at least equal to a heavy crop of clover, possibly heavier. It makes hay equal in quality to clover or alfalfa. It cures easily and keeps well. All kinds of stock eat it readily.

It is the only leguminous crop that we can get in between two crops of corn and improve the land without missing a regular crop. It can be sown or drilled in the corn in the fall and if the corn is cut off for fodder the vetch will make a full crop by the next May, a crop of hay cut and the vetch plowed under in time for another crop of corn.

A good way to do is to mix it half and half with rye, as it is inclined to fall down and lodge badly and the rye will hold it up. Use thirty pounds per acre of each and put in either broadcast or drilled. It will all stand up as high as the tallest rye and will make a splendid grade of mixed hay.

Left for Conference.

Rev. Dr. and Mrs. W. B. Christy, Rev. and Mrs. Gilbert S. Cox of this city and Rev. and Mrs. Lester M. Jones of Pickering left Tuesday morning for Trenton to attend the North Missouri M. E. conference, which will be in session a week. Miss Ada Clayton and Rev. and Mrs. Cox's little son, Borden, went to Kansas City to remain at the home of Rev. Cox's parents until conference is over.

Off on Extended Visit.

Mr. and Mrs. J. E. O'Neal and Miss Edna O'Neal left Tuesday morning for Sheridan, Wyo., for a several weeks' visit with the families of T. B. Gill and Robert Ale, who are their relatives. They will then go on to Boise, Idaho, where they expect to remain a year with Mrs. O. C. Baird.

TO BE FIELD DAY.

Sunday Will Be Anti-Saloon League Day at the Churches—Moore and Bushnell Coming.

Next Sunday will be the annual field day of the Anti-Saloon League in Maryville. Dr. Moore of St. Louis, state superintendent of the league, and Dr. Albert Bushnell, the assistant state superintendent, will be here. Dr. Moore will occupy the pulpit of the Christian church in the morning of that day, and in the evening will talk at the Baptist church. Dr. Bushnell will occupy the pulpit of the First M. E. church in the morning and the Buchanan Street Methodist church in the evening. A temperance collection will be taken at the Presbyterian church for the league on Sunday.

TO COME UP TUESDAY.

The Road Petitions Will Be Presented to the County Court on That Day.

The petitions that have been circulated over the county requesting the county court to set an election day to vote on the proposition of issuing \$200,000 bonds for the purpose of bridges and roads, will be presented to the county court on next Tuesday at their regular October meeting. There are enough required signers for the court to call the election.

There seems to be a great deal of sentiment in favor of the proposition. There is more opposition in Polk township to the bond issue than any other in the county, which is probably due to the fact that Polk carried a township road election of \$50,000 just recently.

TO FIX UP CROSSINGS.

Road Master of Wabash Told Highway Engineer Clary That All Crossings Are to Be Repaired.

John Clary, county highway engineer, and the roadmaster of the Wabash were in conference Tuesday morning. The roadmaster said that all of the crossings on the Wabash in this county are to be repaired, such as grading them so there will be no steep grades or hills to climb to get over the railroad tracks.

The state road bridge just east of town on the Wabash is to be repaired. That is, the road under the bridge will be dug up to a certain depth and crushed rock and cement will be used for fixing the road. The rock is now on the way here. There has been a number of complaints in regard to the bridge, and the road under the bridge is always in a bad condition.

Craig Visitors Here.

Mr. and Mrs. Maurice Stokes and daughter, Mr. and Mrs. Thomas Ward and Thomas Ward, Jr., of Craig, were Sunday visitors in Maryville, at the home of Mrs. Sarah Willard. They made the trip to Maryville in their car, and on account of the rain had to return on the train.

Ordered 15,000 Sacks.

Pearl M. Taylor, the popcorn man, has ordered 15,000 sacks of the Grand Lake company of New York. He thinks he can use that many during the next year.

LOUIS A. SARECKY.

Sulzer's Secretary, Who Was Expected to Testify About Campaign Funds.

© 1913, by American Press Association.

Managers of the impeachment committee now hearing the charges against William Sulzer thought that Louis A. Sarecky, the governor's private secretary and custodian of certain campaign funds, had fled from the state to avoid testifying at the trial. But when they went to subpoena him he was found sitting in the lobby of an Albany hotel. It was expected that Sarecky's testimony would be most important. This picture was taken in Albany immediately after he had been served.

M'GINNIS WAS UP

GOT A FINE OF \$100 AND A JAIL SENTENCE OF SIX MONTHS.

A MASON CASE IN COURT

The Appeal Case of J. C. Chappel vs. A. O. Mason on Trial Today—Dismissed Cases Against Irvine.

Robert McGinniss, the 18-year-old son of James McGinniss of near Bedison, was given a sentence of six months in the county jail and a fine of \$100 by the court Tuesday morning on a charge of carrying concealed weapons. Upon the application of the defendant and for good cause shown the boy was paroled as to the jail sentence on condition of good behavior.

McGinniss was attending the Business college here at the time of the alleged offense. Witnesses say that he was not in an intoxicated condition, but he, with two other companions, accosted two women on the street at 10 o'clock at night and invited them to go buggy riding. The women at once called for help, and M. A. Turner arrived on the scene, being only fifty feet behind them. After a few blows the three boys departed.

McGinniss was arrested by the city that night for carrying concealed weapons. He was given a fine of \$25 and costs. After the city got through with him the state took up the case, with the result above stated.

A strong effort was made on the court for only the minimum sentences for McGinniss, but it did not have much effect.

The following criminal cases were nolle prossed by Prosecuting Attorney Wright:

Edna Irvine of Burlington Junction, charged with assault with intent to kill and carrying concealed weapons.

Sam Phillips, appeal from J. P. court.

Charles Robinett, charged with carnal knowledge.

Bud Sutton, charged with keeping a common gaming house.

The case of J. C. Chappel vs. A. O. Mason, an appeal case from J. P. court, was up in circuit court this afternoon before a jury composed of John Loran, Jeff Elliott, Henry Ross, Milton Kirby, Lon Monk, J. D. Dickerson, W. D. Watson, Delmer New, George Colvin, S. F. Davison, Albert Felix, S. P. Curnutt. In the justice court the plaintiff won the suit and was given judgment for \$240. The suit is over a hay bailer.

In the case of the First National Realty and Loan company et al. vs. A. O. Mason, which was tried Monday, the defendant files motion for a new trial.

William Wallace vs. Thomas Workman, the defendant files motion for change of venue.

J. R. Heryford vs. W. B. Heryford, continued by agreement.

WANT COX TO BE RETURNED.

Resolutions Adopted by the First M. E. Church Urging That He Be Sent Back.

At the meeting of the official board of the First M. E. church, held Monday night, resolutions were adopted asking that Rev. Gilbert S. Cox be sent back to Maryville as pastor of the church for the coming year by the conference, which convened in Trenton, Mo., Tuesday. The resolutions are as follows:

Whereas, Rev. Gilbert S. Cox, our beloved pastor, has for the last year so faithfully and efficiently served us, and by his wise counsel and heroic efforts enabled us to make the best report in the history of our church, and being so admirably adapted to the continuance of the great work of this particular church; it is therefore

Resolved, That we and each of us as members of the fourth quarterly conference, in our own names and in behalf of the entire membership of the church and Sunday school and Epworth League, and the community in general unanimously and unqualifiedly request and urge our district superintendent to use every laudable effort for the return of Bro. Cox to this charge. For which we will ever pray.

The resolutions were adopted unanimously by a rising vote.

Mrs. W. E. Piper went to Union Star Monday to visit her sister, Mrs. Mary L. Sharp.

THE WEATHER

Fair tonight and Wednesday; not much change in temperature; moderate, variable winds.

Penelope Club to Meet.

The Penelope club will meet Wednesday afternoon at the home of Mrs. J. E. Melvin. There is some important business to be transacted and the election of officers. All members are urged to be present.

Married by Justice Johnson.

Miss Pearl Bodle of Skidmore and James A. McCoy of Mound City were married Tuesday afternoon by Justice W. L. Johnson. They were accompanied by Mr. and Mrs. Walter Meyer of Burlington Junction. The young couple will make their home at Mound City.

Entertained for Her Husband.

Mrs. George Wallace entertained at dinner Sunday for her husband, it being his birthday anniversary. The guests were Mrs. J. L. Wallace, Mr. and Mrs. John A. Wallace, Mr. and Mrs. W. G. A. Edwards and daughter, Mr. and Mrs. Will Thornhill and children, and Mr. Frank Wallace.

Celebrates Twelfth Birthday.

Glen B. Trullinger entertained a few of his friends Saturday evening at the home of his parents, Mr. and Mrs. Henry Trullinger, 503 West Twelfth street, in observance of his twelfth birthday. Croquet was the game played. A table containing a large birthday cake, the top of which was covered with candles, was placed in the yard. Much amusement was furnished by the guests trying their skill at blowing out the lighted candles. A color scheme of brown and white was carried out in the serving of refreshments. Those present were Mildred Brown, Mabel Robey, Gertrude Smith, Stella Brown, Gaylon Hughes, Harry Trullinger, Paul Brown and the host.

Accepts Club's Invitation.

The Dew Drop Inn club met in extra session Wednesday afternoon, September 24, at the home of Mrs. Claude Moore, to accept an invitation from the Ladies' Intellectual club of Hopkins.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. 10-CENT "CASCARETS"

IS YOUR LAXATIVE.

Best Liver and Bowel Cleanser and Stomach Regulator in the World—Work While You Sleep.

Get a 10-cent box.

Put aside—just once—the salts, pills, castor oil or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach. Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

October 2. The members then discussed the regular lesson, "How Kill, Preserve and Prepare Meats for the Table." Each lady was well prepared with her subject, and the subject was very interesting as well as instructive. During the lunch, which was served by the hostess, each member gave a favorite recipe. The next meeting will be in three weeks at the home of Mrs. Will Noakes. Subject for discussion, "Sandwiches." Each lady will give a recipe.

Rebekah Assembly at Skidmore.

Ninety-three Rebekahs were in attendance at the district assembly held Saturday at Skidmore, which was directed by the state warden, Mrs. May Hughes of Joplin. The lodges at Wilcox, Elmo, Burlington Junction, Graham and Mound City comprise the district represented. The Skidmore lodge treated their visitors in the most approved manner and gave them a splendid dinner and supper. The drill team of the Skidmore lodge put on the work at night. The officers elected were Mrs. Mary Pfeiffer of Skidmore, president; Miss Decker of Graham, vice president; Mrs. Lillie Bosley of Skidmore warden; Miss Lula Gates of Elmo, secretary, and Miss Bertha Thompson of Mound City, treasurer.

'Twas Indian Day.

Assembling day for the Arts and Crafts department of the Twentieth Century club Monday was auspicious, and prophetic of a good year's study in the many instructive lessons the department has arranged for the year. The attendance was large and the enthusiastic interest taken in the program was gratifying to those who had it in charge.

The session was held at the home of Mrs. W. A. Rickenbrode, West Terrace Place, Monday afternoon. After the usual business meeting, the Indian day program was opened by Mrs. J. A. Lesh, dressed as an Indian squaw. Her paper on arts and crafts among the Indians was excellent, and her very realistic impersonation of an Indian woman gave added interest to a charming discussion of the subject. Miss Rena Sturm followed with an entertaining talk on Indian homes and architecture. Miss Marie Brink told of the beautiful and intricate beadwork for which the Indians are famous. Mrs. E. L. Harrington gave some Indian legends, and in a most interesting manner told of their superstitions and beliefs in many weird tales. Mrs. E. G. Orear gave an excellent rendering of the wooing of Hiawatha to a musical accompaniment by Miss Mae Orear. Mrs. Rickenbrode then took up the lesson in basketry, which held the attention of everyone present and seemed the most agreeable part of the afternoon's work to all. Mrs. Rickenbrode had a basket started for each member and they became thoroughly interested in learning how to finish the work begun.

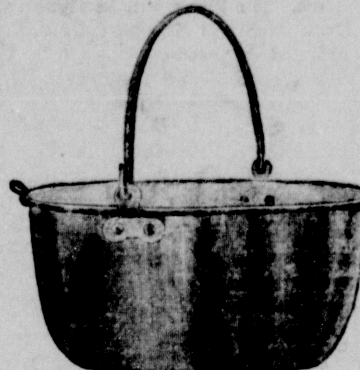

The exhibits of Indian curios consisted of blankets, baskets, beadwork and pottery from the Apaches, Acomas, Navajos, Pecos and Mokis. These were loaned by Mrs. Eva Reaksecker, Miss Mae Orear, Miss Jennie Garrett, Mrs. Scribner Beech, Sr., Mrs. Roy Collins, Mrs. George P. Bellows and Mrs. George Richard Eaton. The exhibit by Mrs. Eaton is the property of Mr. N. Schumacher of this city, and consisted of Indian arrow heads, a pipe of peace and pieces of flintlock, all found in this part of the country. Mrs. Bellows told in a delightful manner the history of the different blankets, the significance of the symbols woven into them and how no two are ever made just alike. She also told of the superstition each squaw held in regard to her work, never allowing herself to weave a perfect pattern all the way through, believing that if she did so her life would end with its making. Miss Mae Orear told of the baskets made by the Indians in California and showed materials from which they

are made. Mrs. Roy Collins displayed an Indian suit brought by her father from the Yukon Indian territory in Alaska. With it is a chief's regalia, a long string of caribou teeth, each tooth now standing for a heroic deed, which in massacre times stood for a life taken.

The hostess invited her guests to remain with her awhile after the program, and served tea to them, assisted by her sister, Miss Laura Beauchamp, and Mrs. Orear.

There were seven visitors, Mrs. D. J. Thomas, Mrs. Charles Jackson, Mrs. G. H. Colbert, Miss Mae Orear, Miss Helen Leffler, Miss Donna Sisson and Miss Clara Bellows.

Will Be Guests at "White Gables."

Mrs. Edward L. Townsend and Mrs. Ferdinand Townsend will go to Kansas City Wednesday morning to be guests of Mr. and Mrs. Charles Campbell at their beautiful home, "White Gables." Judge and Mrs. Robert King Townsend of McAlester, Okla., who have been visiting their son, Edward L. Townsend, and his family for several weeks, went to Kansas City Tuesday morning and are at "White Gables," where their daughter-in-law and granddaughter-in-law will meet them Wednesday.

Nodaway Valley Bank

Oldest Bank in the County

Capital and Surplus - - \$125,000.00

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a Savings Department in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our Savings Department with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world and think what it means.

The Savings Department of the Nodaway Valley Bank opened for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

Don't overlook this invitation to start a Savings Account. Drop in next time you are passing and get started. We have a book for you.

James B. Robinson, President. F. P. Robinson, Vice-Pres.

J. D. Richey, Cashier.

Some Fine Peaches.

Judge J. H. Saylor received Monday some peaches from his daughter-in-law, Mrs. Arch Saylor of Oakdale, Cal., one of which weighed fourteen ounces.

Clearmont Has a Club.

Clearmont now has a Commercial club and Roy Hanna is its president. Clyde Grider vice president, and O. O. Gregory, secretary.

TARIFF BILL BACK IN HOUSE

Believed Measure Will Be Passed Before Adjournment.

COTTON TAX STILL IN DISPUTE

It is Formally Adopted by Vote of Eight to Six—Pig Iron, Cattle, Wheat and School Books to Free List—Income Tax is Amended.

Washington, Sept. 30.—The Democratic tariff revision bill, first on the program of reforms mapped out when President Wilson came into office, advanced to its last congressional stage when it was brought back to the house from the joint conference with the unanimous endorsement of the Democratic conferees. Leaders in both houses of congress were confident that the bill, practically complete now, would be signed by President Wilson before the end of this week. It will scarcely leave the center of the stage before the currency bill, next in line, will be forced upon the attention of the country and coincident with consideration of this will begin the administration work upon the anti-trust and railroad control problems that are to be brought forward when the December session opens.

The house took up the tariff bill at 11 o'clock this morning and it is believed it will be passed before adjournment.

The cotton future tax still is in dispute, the house still refusing to accept the so called Clark amendment by the senate. Expressions from the White House and from congressional leaders, however, indicated that in the final conference over this feature the whole plan might be dropped from the tariff bill and taken up as a separate measure next winter.

Senators Simmons, Williams, Johnson and Shively and Representatives Underwood, Kitchen, Dixon and Rainey, the Democrats who have adjusted all differences between the senate and house, excepting only the cotton futures tax proposition, signed the final report, while the Republicans and Progressive members declined to sign it.

Many Changes Are Made.
In the form in which the tariff bill ultimately will go to President Wilson for his signature, it carries many changes from the original Underwood bill passed by the house last May. While the senate gave way on many of its amendments, in the two weeks' fight in the conference committee, many important changes were retained and the general averages of rates of the house bill were reduced about 4 per cent ad valorem.

The report shows the following important alterations of the original Underwood house bill:

The tax rate on incomes above \$75,000 was increased by a graduated scale from 3 per cent to 7 per cent and the income tax exemption reduced from \$4,000 to \$3,000.

Articles added to the free list include pig iron, ferro manganese ore, cheap grades of iron; cattle and other food animals; wheat, flour, flax, hemp, sugar refining machinery; school text books, sand blast machinery, indigo dyes, photographic moving picture films, cement, asphalt and many other articles.

The report was submitted to the full committee by Chairman Simmons. After a brief discussion it was approved by the eight Democrats, while the six Republicans, who had taken no part in the conference deliberations, refused to sign it.

CONFESSES MURDER OF BOY

Joseph O'Brien Admits Slaying Israel Goldman at Philadelphia.

Philadelphia, Sept. 30.—Joseph O'Brien, who was arrested on suspicion of having attacked and killed seven-year-old Israel Goldman and then throwing his nude body among some bushes on the golf links of a country club, confessed that he had committed the crime, according to the police.

O'Brien, the police announced, admitted having taken the boy to the links, where the deed was committed, after a street car conductor had identified him as the man who was with the boy Friday night. According to the police the prisoner said he had killed the child because he had called his (O'Brien's) mother a foul name.

The murder of the child was a particularly brutal one.

WOODRUFF STRICKEN

Suffers Stroke of Paralysis After Concluding Political Address.

New York, Sept. 30.—Timothy L. Woodruff, former lieutenant governor of New York, was stricken in Carnegie hall just as he concluded an address at the fusion notification meeting. Physicians who attended Mr. Woodruff announced that he suffered a stroke of paralysis and said his condition was serious.

As he was speaking, Mr. Woodruff turned to John Purroy Mitchell, the fusion candidate for mayor, and complained of a pain in his knee. He continued his address, however, but as he concluded he reeled and would have fallen had not Mr. Mitchell and others on the platform supported him. Mr. Woodruff was carried to an ante-room, where he was attended by two physicians. Later he was removed to his apartments in an uptown hotel.

Alderman Yehle Dry Goods Co.
WEST THIRD STREET, MARYVILLE, MO.

Lumber Yards Sold.

The Cousins-Meade lumber yards at Conception Junction and Clyde were sold last week to Mr. Vandeventer of Mound City. He will take possession on the first of October. Messrs. Cousins and Meade have no plans for the future.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish once a week, as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using **BLACK SILK AIR-DRYING ENAMEL.** Brush with each can of enamel only.

Use **BLACK SILK METAL POLISH** for silver, nickel, tinware or brass. It works quickly, safely, and leaves a brilliant surface. It has no harmful use on automobiles.

Black Silk Stove Polish Works
STERLING, ILLINOIS

REXROAT MURDER MYSTERY UNSOLVED

Widower of Slain Dancer Testifies at Inquest.

Chicago, Sept. 30.—Everett A. Rexroat, a Macomb county farmer, husband of Mrs. Mildred Allison Rexroat, a Chicago dancing teacher, shot to death near Wayne, Ill., Saturday morning, told a coroner's jury the history of his acquaintance with Mrs. Rexroat. His testimony, together with that of W. H. Allison, her divorced husband, and others who knew something of the circumstances under which Mrs. Rexroat visited Wayne, failed to throw any light on the identity of the slayer, and an adjournment of the coroner's inquest was taken until Thursday morning to permit the police to seek more evidence.

The efforts of the police now are centered in a search for "Mr. Spencer," a pupil of Mrs. Rexroat's dancing class, reported to have been infatuated with her and who, she had said, had arranged for her to teach a private class at Wheaton and who accompanied her from Chicago on the night she met her death.

BIXBY IS ACQUITTED

Jury Finds Millionaire Not Guilty of the Charge.

Los Angeles, Sept. 30.—George H. Bixby, a millionaire of Long Beach, Cal., charged with having contributed to the downfall of minor young women, was found not guilty by a jury. Bixby was tried on one of two indictments, based on charges preferred against him by Cleo Helen Barker and Marie Brown Levy, under-age habitues of a resort, the proprietress of which, Mrs. Emma J. Goodman, is now serving a prison sentence as a procurer. Bixby's defense was that he visited the resort only as a philanthropist who had spent thousands of dollars to save young girls and had been required by being made the victim of a blackmail conspiracy.

Meetings Well Attended.

The revival services at the First Baptist church began Monday evening with a good attendance, although the weather was unfavorable.

The services will begin promptly each evening at 7:30, and all who desire to do so are invited to the prayer service in the church parlors that will precede each evening's preaching service. This meeting will begin at 7 o'clock and dismiss at 7:25.

The pastor, Rev. Louis M. Hale, will devote his sermons this week to Christians.

Attended Revival Meetings.

Mr. and Mrs. W. E. Alexander of Pickering were in Maryville Monday on their way home from Burlington Junction, where they visited their nephews, Oa and Ray Lincoln. While there they attended the revival services in progress at the Christian church, Evangelist R. E. Snodgrass having charge of the meetings. There have been forty-three conversions to date.

Frank W. Armstrong of Trimble, Mo., returned home Monday evening, after a visit since Saturday with his parents, Mr. and Mrs. J. J. Armstrong, east of Maryville. Mrs. Frank Armstrong and her mother, both former Maryville residents, returned a few days ago from a summer's visit with Dr. Karl Malotte and family at St. Anthony, Idaho.

Mr. and Mrs. Arthur Best and children of Eattonsburg were guests Sunday night between trains of Mr. and Mrs. C. F. Remus. They were on their way home from St. Joseph, where they attended the fair.

"For Sale," "For Rent" and "Rooms for Rent" cards at this office, only 10

TO HAVE A SALE.

W. O. Garrett to Have One on October 16—What One Paper Says.

The Missouri Ruralist of Sedalia had the following to say about W. O. Garrett of this city:

W. O. Garrett of Maryville believes that the one most important thing Poland China breeders should pay special attention to is the prolific tendencies of their sows. Not that the Poland China sow is weak in this respect, but that the success of any breed depends upon good litters. He is not a stickler for extra good large litters, but believes that a sow is a money loser to its owner that farrows less than seven. That is the standard he has set for his herd. In fact his sows have averaged much higher than that, but he has put the dead line at seven. "I think the boar plays an important part in this respect," he said recently, "and I have made it a point to use in my herd only boars that have come from big litters for several generations and boars that proved they were right in this respect by siring large litters. An extra pig or two in the litter means that much more revenue for the producer and the right kind of a sow should have no trouble in taking care of eight or ten pigs. They won't have if the breeder will be careful in his selection."

Mr. Garrett has had years of experience in the hog business. He learned it under a mighty good teacher. Very few hog men in the business but who remember Uncle Billy Garrett and the work he did to further the interests of the Poland China breeders of this section. Mr. W. O. has been breeding hogs since he was a boy and is in a position to speak authoritatively on the subject. A visit to his herd reveals the fact that he practices what he preaches. His herd this year is in excellent shape, the litters are large and uniform and the sows are the big, roomy, motherly type that insures the growth and strength of the pigs. Chief Wonder by Chief Price's Wonder (B. T. Wray's herd boar) and he by the prize winning Chief Again, measures up to Mr. Garrett's ideal in respect to siring large litters. Breeders and farmers who attend Mr. Garrett's sale this fall, on October 16, will be able to see for themselves what a little careful study and attention along this line has done for Mr. Garrett. Just a sample is the litter of nine out of the A Wonder sow, Wonder Queen, the top of the A. O. Stanley sale last fall. They are a great lot, show fine growth and are uniform to a degree.

Mr. Oakerson Ill of Appendicitis.

County Superintendent W. M. Oakerson was taken suddenly ill Saturday night of appendicitis, and it was feared for awhile that he would have to undergo an operation. He was considerable better Monday afternoon. His mother came over Sunday and is with him. Mr. Oakerson has not yet recovered from the accident that befell him about three weeks ago, when his car ran off a bridge with him and dislocated his shoulder.

Home From Wisconsin.

Miss Mae Corwin returned Sunday night from the Wismo Angling club at Reserve, Wis., where she had been for several weeks in company with a party of St. Joseph friends.

Mrs. Dan Craig and daughter, Rosa, of Clyde were here Monday on their way to Lewisburg, Kan., where they were called by the serious illness of Mrs. Craig's mother, Mrs. S. E. Bryson, and brother, Clarence Bryson.

SULZER WINS A TRIPLE VICTORY

Clen Bars Testimony Tending to Show Political Bartering.

NOT CHARGED IN ARTICLES.

Colwell Will Consent to Appear If He Won't Be Arrested for Refusing to Obey Subpoena of Frawley Investigating Committee.

Albany, N. Y., Sept. 30.—Governor Sulzer won a triple victory over his accusers at the trial of his impeachment.

Presiding Judge Cullen of the high court barred the introduction of evidence intended to prove that the governor had made a corrupt political bargain with Assemblyman Patrie of Greene county and held that the testimony brought forward to show that he had made similar bargains with Assemblyman Sweet of Oswego county and Assemblyman Prime of Essex was incompetent.

The examination had to do in each case with highway and bridge improvements provided for in bills passed by the legislature, to which the assemblymen were desirous of getting the governor's signature. In the Patrie case, however, no charges were brought in the articles in impeachment and on this ground Judge Cullen threw the charge out.

The Sweet and Prime cases were specified in article VII of the impeachment, charging that the governor had vetoed one and signed the other bill. One assemblyman had failed to support the governor's direct primary bill and the other did so after consulting Sulzer, the managers charged.

The long missing Frederick L. Colwell, the governor's alleged "dummy" in Wall street transactions, is in a sanitarium, according to counsel for the governor, but will consent to testify as the governor's witness under stipulations that he be not placed under arrest for refusing to obey the subpoena of the Frawley investigating committee.

TO VISIT WILDS OF BRAZIL

Roosevelt Party Will Collect Specimens for American Museum.

New York, Sept. 30.—From about the middle of December to the end of March, Colonel Theodore Roosevelt will wander in the wilds of South America. Colonel Roosevelt will sail from New York, Oct. 1, and will spend about two months visiting various cities in Brazil, Argentina, Chile and Paraguay, where he will be the government's guest and he will deliver several formal addresses. Late in December a little river steamer will leave him and his party of naturalists at Cuyaba, Brazil, the head of navigation on the Paraguay river, where the hardships of the journey will begin.

The colonel's companions then will be Anthony Flala of New York, the Arctic explorer; George K. Cherrie of Indiana and Lee E. Miller of Newfane, Vt., naturalists connected with the American Museum of Natural History, under whose auspices the expedition will be undertaken.

ROAD CONGRESS MEETS

Secretary Houston Voices Approval of Government.

Detroit, Sept. 30.—Secretary Houston of the United States department of agriculture, in an address before the American road congress here, expressed his approval of the efforts of the organization and explained the interest of the federal unit with which the government might deal.

It would seem that the basic feature would be such co-operation between the states and federal government as would leave the states the initiative in the selection of roads to receive aid and as much of the immediate construction and maintenance as would be practicable.

"It is also reasonably clear that there must be some automatic check upon the demands to be made upon congress and that this should be afforded through the requirement that the states and the localities should contribute an amount both for construction and maintenance at least equal to and possibly double that contributed by the federal government."

Militants Resume Labors With Torch.

Yarmouth, Sept. 30.—Militant suffragette "arson squads" were again busy. They destroyed the greens of the municipal golf links here with acid, leaving a confession of their crime on the ground and a note saying, "The timber yard was set on fire by us." This had reference to a fire which destroyed \$175,000 worth of lumber.

Whisky Bottle Explains Suicide.

Kansas City, Sept. 30.—A note held down by a bottle of whisky explained the suicide of Dr. E. M. Lawrence, who was found dead in his office in Independence after he had taken poison. "This is the cause of it all," the note read.

Senator Lodge Operation On.

Nahant, Mass., Sept. 30.—Senator Henry Cabot Lodge, senior member of the Massachusetts delegation in congress, who was operated upon for a gastric ulcer, according to his physicians, is "not entirely out of danger."

MARYVILLE, MISSOURI, TUESDAY, SEPT. 30, 1913.

NO. 102.

TO BE THE BEST

FALL FESTIVAL PROMISES MANY ENTERTAINMENTS.

ENOUGH MONEY RAISED

To Pay for All—The Aeroplane Flights and Parachute Leap Creates Many Thrills.

The fall festival to be given in Maryville on October 8, 9 and 10 promises to be the best entertainment ever held for its visitors. The festival is in charge of the Commercial club, and all arrangements are practically made now for the affair. Enough money has been subscribed by the merchants and citizens to pay for the entertaining features.

The colors for the festival will be crimson and white. They were selected by the committee, which met last night.

That Maryville will have during those three days some wonderful aeroplane flights is now assured. Aviator Roy Francis and Sky-High Irving have been secured, and at every place these two have been they certainly made good. They were at Cape Girardeau, Mo., just a few weeks ago, and the following is what the Republican of that place had to say about them:

Sky-High Irving made his parachute leap from the aeroplane Thursday afternoon at the fair grounds exactly as advertised. His performance evoked a tremendous outburst of applause and approval. Three thousand city people who had defied the threatening elements and gone to the fair grounds were well repaid for their trouble and temerity against the possibility of rain and storm.

They first saw Roy Francis go up in his aeroplane, that really looks as safe as a road cart behind a 20-year-old Dobbin. Francis flew around the fair grounds for about twenty minutes, performing all kinds of fancy curves and displaying complete mastery of the big machine. He flew high and low, darted in and out and then flew over to a field about a mile from the grounds.

Many in the big crowd thought something had happened that caused him to make an unplanned descent away from the grounds. Francis, however, was merely joining the parachute jumper, Irving. When two men are carried a little more space is required to get off the ground than is furnished on the fair grounds. The trees and hills around the grounds make it difficult for Francis alone to get up, and it is noticed that he makes a quick turn to the west at the south end of the fair grounds when starting out to avoid collision with the tall trees on the bluffs.

Some of the crowd began to grow uneasy, as a half hour passed before anything was heard from Francis after he alighted in the field over the hill. Some even left the grounds, thinking that the aerial exhibition was over for the day. Just about that time the engine of the aeroplane was heard throbbing and in a few seconds the machine was observed coming over the hill and wending its way upward to the clouds. Francis had Irving perched on a small wing beneath him and Irving had his parachute folded up on his lap. The machine made several circles around the fair grounds, going higher and higher until an altitude of 2,000 feet was acquired.

Francis then stopped his engine slightly to notify Irving to prepare to jump. In twenty seconds the engine was stopped again and started immediately, when Irving made his leap. He merely dropped from his swing and his body shot downward for about a hundred feet. The big parachute opened gracefully and Irving glided to earth. He landed in the enclosure in front of the grand stand.

Francis glided around in his machine for a few minutes and then descended. The big crowd was well satisfied and everybody declared that it was the finest exhibition of flying and jumping ever seen.

Returns From Eastern Visit.

Mrs. D. R. Eversole and grandson, Ralph Wilson Eversole, went to St. Joseph Monday morning to meet Mrs. Eversole's daughter, Miss Maud Eversole, who is returning from a several months' visit in New York and Chicago.

Their Daughter Operated On.

Mr. and Mrs. W. L. Abshire received word Tuesday of the successful operation for appendicitis on their daughter, Mrs. George Dennis, at Trinity hospital, Milwaukee, Wis.

CHURCHES CHANGE HOURS.

Evening Services Will Be Half Hour Earlier for Young People's Societies and Preaching Hour.

Commencing next Sunday evening the hour for services for all the Protestant churches will be as follows:

Young people's societies, 6:30 p. m. Preaching services, 7:30 p. m. REV. S. D. HARKNESS, Chairman Ministerial Association.

NATIVITY OF MISSOURIANS.

Foreign Born Men, Women and Children Not Numerous in This State.

Interesting information is given on the nativity of the population of Missouri by Labor Commissioner John Fitzpatrick in "advance information from the 1913 Red Book" of the bureau of labor statistics.

Of the 2,293,355 inhabitants of Missouri, 2,222,092 were born here, 84,063 in other states and 229,779 in other countries. The percentage of foreign born is 7; of Missourians 72.6, and of those born in other states, 27.4.

Foreign born men, women and children are not as numerous in Missouri as they were twenty years ago, the decrease being from 88 per cent to 7 per cent, this being due, chiefly, to the birth here of children to former aliens.

When it comes to foreign born citizens of Missouri, the sturdy, progressive German leads all others, there being 88,224 such people in this state. Then comes Ireland, with 23,299 sons and daughters straight from the Emerald Isle; Russia, with 21,401; Austria, 16,219; England, 13,751; Italy, 12,984; Hungary, 11,531; Canada, 7,961; Switzerland, 6,141; and Sweden, 5,654.

Turkey in Europe and Asia, furnished Missouri with 2,084 people and the Huerta provisional republic 1,412. Native Dutch are not as numerous as is supposed, there being only 988 here, but there are 1,125 born in Missouri with one parent from there, and 819 whose mothers and fathers crossed the Atlantic for this side.

Rumanians are more plentiful than those born in the other Balkan states, the number living here being 1,522.

Of the 2,222,925 native born Missourians there are 206,174 with one parent foreign born and 312,027 with both parents from beyond the borders of the United States.

Of the state's population 157,452 are negroes, 313 Indians, 535 Chinese, 99 Japanese, and 4 scattering.

Missouri, in case of war, could put into the field an army of 721,166 men between 18 and 44 years old, composed of 679,305 white, 41,441 negroes and 420 Chinese, Japanese, Indians and others.

The negro voting strength of Missouri, all males over 21 years, is 52,921, which is a gain of 6,503 over ten years ago. There are 973,062 males of voting age in the state, a gain of 117,379 in ten years.

Sold Residence Property.

The residence property belonging to the Jacob Everhart estate on East First street was sold Monday by Allen Bros. to R. R. Brown, who moved here last spring from Dickinson, N. D.

CHARLES DOHERTY.

Engineer Who Drove Wrecked Train Dropped Dead After the Calamity.

Photo by American Press Association.

When a train on the New Haven road crashed into the rear end of another on June 12, resulting in the instant death of six persons, Engineer Charles Doherty asserted that the brakes on his engine were no good. The officials of the road said the engine was in good condition. The engineer, crushed death in the wreck but could not stand the criticism, and three months after the catastrophe dropped dead. In this picture he is shown testifying at the investigation into the wreck.

MUST SIGN BLANK MAKING PROGRESS

IF YOU LIVE ON COUNTY SEAT ROAD IT'S NECESSARY.

EIGHT REQUIREMENTS PUT IN A NEW BOILER

Road Must Be Forty Feet Wide, Graded, Have Necessary Culverts, Brush Removed, Hedges Cut.

If you are on the county seat highways, it will be necessary for you to sign a road construction and Maintenance guarantee blank, now in the hands of the commissioners, and when signed will be filed with the road overseers. The blank will be signed after State Highway Engineer Buffum has selected the roads.

Everyone should read carefully the eight requirements given below and be ready to sign the paper when the commissioner presents it. Your name is necessary in order to receive \$15 a mile for work on these roads. It is fortunate for each person having property along these routes on which is spent that amount by the state. The market of produce, the school, the church, the mail route, and all traffic depends on good roads.

The following are the requirements which you will have to agree to fulfill if you are on a county seat or state line road:

1st. To establish a road at once not less than forty feet wide between fences, and that if the undersigned is a property owner along said highway he (or she) hereby donates the necessary ground and agrees to move back his (or her) fence twenty feet from the center of the present road, and failing to do so on thirty days' notice by said county highway board or state highway commissioner, that said fence may be removed by them, or under their direction, and without claim for property or for damages.

2nd. To at once grade the highway so that the same shall be where possible thirty feet wide between the outside of ditches—with a crown not less than two feet in the center, and left in good, smooth condition and so maintained in the future.

3rd. To agree to establish at once on said highway where found necessary by the county highway board, small culverts up to three feet in diameter, of cement or other permanent material—said culverts to be not less than thirty feet long.

4th. To use our influence with county courts to have permanent concrete or steel bridges, with permanent floors of concrete established on the entire route, and to raise such subscriptions necessary to warrant the county court in so ordering bridges established, said bridges to be twenty feet wide between railings.

5th. To at once remove all brush and undergrowth along said highway and to keep down such undergrowth in future.

6th. To comply with the state law and cut all hedges down to a height of five feet, and at all corners in the road, as a matter of safety to allow no hedge or obstruction to view for a distance of one hundred and fifty feet from said corners.

7th. To reduce the grades on hills to not less than 7 per cent (that is, seven feet height in one hundred feet length) where in opinion of said state highway commissioner or county highway board said grade can be established either by cutting the grade or diverting the road.

8th. That if, at any point on said highway, there can be gravel obtained within a distance of two miles, that the portion of said road within that distance shall be gravelled two loads wide, and on or before July 1st, 1914.

On Visit to Oklahoma.

Miss Rena Sturm left Tuesday morning for Oklahoma City, Okla., to visit the family of her brother, Edward Sturm, and Mrs. Carl Mayhall, better remembered in Maryville as Miss Edna Sturm. After a few weeks in Oklahoma City, Miss Sturm will go to El Reno to visit Prof. and Mrs. C. M. Leib. Professor Leib is superintendent of the schools of El Reno, and was at one time superintendent of the Maryville schools. Miss Sturm visited the Liebs eight years ago at Paducah, Ky., when Professor Leib had charge of the schools there. He gave up school work for a few years' rest and gave all his attention to a plantation he owned in Louisiana, and later in Arkansas. Miss Sturm will return in about six weeks.

Mrs. B. C. Halley left Tuesday morning for Sheridan, Wyo., on a three weeks' visit with Gilbert Halley and family.

MANY IMPROVEMENTS TAKING PLACE AT WATER PLANT.

To Install New Filter Next Week—Work on Dam Good—Water Tower Is Being Delayed.

Work is still progressing on the improvements being made at the city water plant. Another new boiler is being put in now, and then the new filter will be installed within the next few weeks.

City Engineer Flynt was in Kansas City a few days ago and ordered his two sluice gates for the new dam. The gates will be here in about thirty days, and the old dam will not be torn down until the gates are here. This week quarry blocks are being hauled to the river and the rock is being used as rip-rap on the new dam. There are two car loads and the rocks are in big pieces.

The work on the new dam has been very good, and those who inspected the place are of the opinion that it will last some time. And all of the work was under the supervision of City Engineer Flynt.

The big pumps will not be here for some time, as the factory has run out of material. However, it is thought these pumps will be here about the time that the other improvements are being completed.

The low service pumps, boiler feed pump, electrical generator, feed water heater and probably condenser and vacuum pump will be here, as they have been shipped from Dayton, O., and are now on the way. They will be installed at the plant.

The work on the water tower is being delayed, as a car load of crushed rock has not arrived. It is expected within the next few days.

VETCH AS A FARM CROP.

Elmer Fraser Has a Field of It—What One Agricultural Man Has to Say About It.

Vetch is the newest farm crop, and Elmer Fraser has a field of it on his farm, east of Maryville. The following is what an agricultural man has to say about the crop:

The winter or hairy vetch seems to succeed all through this part of the country. It should be sown in the fall like winter wheat and has exactly the same season of growth. It can be sown any time from July to October. It seems to be absolutely hardy wherever winter wheat is hardy and even farther north.

It makes considerable growth in the fall and will grow all through the winter whenever the ground is not absolutely frozen hard. It comes on very quickly in the spring and could be cut for hay as early as May 15th, or for a seed crop about a month later. It makes a very heavy growth of vines at least equal to a heavy crop of clover, possibly heavier. It makes hay equal in quality to clover or alfalfa. It cures easily and keeps well. All kinds of stock eat it readily.

It is the only leguminous crop that we can get in between two crops of corn and improve the land without missing a regular crop. It can be sown or drilled in the corn in the fall and if the corn is cut off for fodder the vetch will make a full crop by the next May, a crop of hay cut and the vetch plowed under in time for another crop of corn.

A good way to do is to mix it half and half with rye, as it is inclined to fall down and lodge badly and the rye will hold it up. Use thirty pounds per acre of each and put in either broadcast or drilled. It will all stand up as high as the tallest rye and will make a splendid grade of mixed hay.

Left for Conference.

Rev. Dr. and Mrs. W. B. Christy, Rev. and Mrs. Gilbert S. Cox of this city and Rev. and Mrs. Lester M. Jones of Pickering left Tuesday morning for Trenton to attend the North Missouri M. E. conference, which will be in session a week. Miss Ada Clayton and Rev. and Mrs. Cox's little son, Borden, went to Kansas City to remain at the home of Rev. Cox's parents until conference is over.

Off on Extended Visit.

Mr. and Mrs. J. E. O'Neal and Miss Edna O'Neal left Tuesday morning for Sheridan, Wyo., for a several weeks' visit with the families of T. B. Gill and Robert Aley, who are their relatives. They will then go on to Boise, Idaho, where they expect to remain a year with Mrs. O. C. Baird.

TO BE FIELD DAY.

Sunday Will Be Anti-Saloon League Day at the Churches—Moore and Bushnell Coming.

Next Sunday will be the annual field day of the Anti-Saloon League in Maryville. Dr. Moore of St. Louis, state superintendent of the league, and Dr. Albert Bushnell, the assistant state superintendent, will be here. Dr. Moore will occupy the pulpit of the Christian church in the morning of that day, and in the evening will talk at the Baptist church. Dr. Bushnell will occupy the pulpit of the First M. E. church in the morning and the Buchanan Street Methodist church in the evening. A temperance collection will be taken at the Presbyterian church for the league on Sunday.

TO COME UP TUESDAY.

The Road Petitions Will Be Presented to the County Court on That Day.

The petitions that have been circulated over the county requesting the county court to set an election day to vote on the proposition of issuing \$200,000 bonds for the purpose of bridges and roads, will be presented to the county court on next Tuesday at their regular October meeting. There are enough required signers for the court to call the election.

There seems to be a great deal of sentiment in favor of the proposition. There is more opposition in Polk township to the bond issue than any other in the county, which is probably due to the fact that Polk carried a township road election of \$50,000 just recently.

TO FIX UP CROSSINGS.

Road Master of Wabash Told Highway Engineer Clary That All Crossings Are to Be Repaired.

John Clary, county highway engineer, and the roadmaster of the Wabash were in conference Tuesday morning. The roadmaster said that all of the crossings on the Wabash in this county are to be repaired, such as grading them so there will be no steep grades or hills to climb to get over the railroad tracks.

The state road bridge just east of town on the Wabash is to be repaired. That is, the road under the bridge will be dug up to a certain depth and crushed rock and cement will be used for fixing the road. The rock is now on the way here. There has been any number of complaints in regard to the bridge, and the road under the bridge is always in a bad condition.

Craig Visitors Here.

Mr. and Mrs. Maurice Stokes and daughter, Mr. and Mrs. Thomas Ward and Thomas Ward, Jr., of Craig, were Sunday visitors in Maryville, at the home of Mrs. Sarah Willard. They made the trip to Maryville in their car, and on account of the rain had to return on the train.

Ordered 15,000 Sacks.

Pearl M. Taylor, the popcorn man, has ordered 15,000 sacks of the Grand Lake company of New York. He thinks he can use that many during the next year.

LOUIS A. SARECKY.

Sulzer's Secretary, Who Was Expected to Testify About Campaign Funds.

© 1913 by American Press Association.

Managers of the impeachment committee now hearing the charges against William Sulzer thought that Louis A. Sarecky, the governor's private secretary and custodian of certain campaign funds, had fled from the state to avoid testifying at the trial, but when they went to subpoena him he was found sitting in the lobby of an Albany hotel. It was expected that Sarecky's testimony would be most important. This picture was taken in Albany immediately after he had been served.

M'GINNIS WAS UP

GOT A FINE OF \$100 AND A JAIL SENTENCE OF SIX MONTHS.

A MASON CASE IN COURT

The Appeal Case of J. C. Chappel vs. A. O. Mason on Trial Today—Dismissed Cases Against Irvine.

Robert McGinniss, the 18-year-old son of James McGinniss of near Bedison, was given a sentence of six months in the county jail and a fine of \$100 by the court Tuesday morning on a charge of carrying concealed weapons. Upon the application of the defendant and for good cause shown the boy was paroled as to the jail sentence on condition of good behavior.

McGinniss was attending the Business college here at the time of the alleged offense. Witnesses say that he was not in an intoxicated condition, but he, with two other companions, accosted two women on the street at 10 o'clock at night and invited them to go buggy riding. The women at once called for help, and M. A. Turner arrived on the scene, being only fifty feet behind them. After a few blows the three boys departed.

McGinniss was arrested by the city that night for carrying concealed weapons. He was given a fine of \$25 and costs. After the city got through with him the state took up the case, with the result above stated.

A strong effort was made on the court for only the minimum sentences for McGinniss, but it did not have much effect.

The following criminal cases were nolle prossed by Prosecuting Attorney Wright:

Edna Irvine of Burlington Junction, charged with assault with intent to kill and carrying concealed weapons.

Sam Phillips, appeal from J. E. court.

Charles Robinson, charged with carnal knowledge.

Bud Sutton, charged with keeping a common gaming house.

The case of J. C. Chappel vs. A. O. Mason, an appeal case from J. E. court, was up in circuit court this afternoon before a jury composed of John Lorraine, Jeff Elliott, Henry Ross, Milton Kirby, Lon Monk, J. D. Dickerson, W. D. Watson, Delmer New, George Colvin, S. F. Davidson, Albert Felix, S. P. Carnutt. In the justice court the plaintiff won the suit and was given judgment for \$240. The suit is over a hay bailer.

In the case of the First National Realty and Loan company et al. vs. A. O. Mason, which was tried Monday, the defendant files motion for a new trial.

William Wallace vs. Thomas Workman, the defendant files motion for change of venue.

J. R. Heryford vs. W. B. Heryford, continued by agreement.

WANT COX TO BE RETURNED.

Resolutions Adopted by the First M. E. Church Urging That He Be Sent Back.

At the meeting of the official board of the First M. E. church, held Monday night, resolutions were adopted asking that Rev. Gilbert S. Cox be sent back to Maryville as pastor of the church for the coming year by the conference, which convened in Trenton, Mo., Tuesday. The resolutions are as follows:

Whereas, Rev. Gilbert S. Cox, our beloved pastor, has for the last year so faithfully and efficiently served us, and by his wise counsel and heroic efforts enabled us to make the best report in the history of our church, and being so admirably adapted to the continuance of the great work of this particular church; it is therefore

Resolved, That we and each of us as members of the fourth quarterly conference, in our own names and in behalf of the entire membership of the church and Sunday school and Epworth League, and the community in general unanimously and unqualifiedly request and urge our district superintendent to use every laudable effort for the return of Bro. Cox to this charge. For which we will ever pray.

The resolutions were adopted unanimously by a rising vote.

Mrs. W. E. Piper went to Union Star Monday to visit her sister, Mrs. Mary L. Sharp.

THE WEATHER

Fair tonight and Wednesday, not much change in temperature; moderate, variable winds.

News of Society and Womens' Clubs

Penelope Club to Meet.

The Penelope club will meet Wednesday afternoon at the home of Mrs. J. E. Melvin. There is some important business to be transacted and the election of officers. All members are urged to be present.

Married by Justice Johnson.

Miss Pearl Bodle of Skidmore and James A. McCoy of Mound City were married Tuesday afternoon by Justice W. L. Johnson. They were accompanied by Mr. and Mrs. Walter Meyer of Burlington Junction. The young couple will make their home at Mound City.

Entertained for Her Husband.

Mrs. George Wallace entertained at dinner Sunday for her husband, it being his birthday anniversary. The guests were Mrs. J. L. Wallace, Mr. and Mrs. John A. Wallace, Mr. and Mrs. W. G. A. Edwards and daughter, Mr. and Mrs. Will Thornhill and children, and Mr. Frank Wallace.

Celebrates Twelfth Birthday.

Glen B. Trullinger entertained a few of his friends Saturday evening at the home of his parents, Mr. and Mrs. Henry Trullinger, 503 West Twelfth street, in observance of his twelfth birthday. Croquet was the game played. A table containing a large birthday cake, the top of which was covered with candles, was placed in the yard. Much amusement was furnished by the guests trying their skill at blowing out the lighted candles. A color scheme of brown and white was carried out in the serving of refreshments. Those present were Mildred Brown, Mabel Robey, Gertrude Smith, Stella Brown, Gaylon Hughes, Harry Trullinger, Paul Brown and the host.

Accepts Club's Invitation.

The Dew Drop Inn club met in extra session Wednesday afternoon, September 24, at the home of Mrs. Claude Moore, to accept an invitation from the Ladies' Intellectual club of Hopkins.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. 10-CENT "CASCARETS" IS YOUR LAXATIVE.

Best Liver and Bowel Cleanser and
Stomach Regulator in the World—
Work While You Sleep.

Get a 10-cent box.

Put aside—just once—the salts, pills, castor oil or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

October 2. The members then discussed the regular lesson, "How Kill, Preserve and Prepare Meats for the Table." Each lady was well prepared with her subject, and the subject was very interesting as well as instructive. During the lunch, which was served by the hostess, each member gave a favorite recipe. The next meeting will be in three weeks at the home of Mrs. Will Noakes. Subject for discussion, "Sandwiches." Each lady will give a recipe.

Rebekah Assembly at Skidmore.

Ninety-three Rebekahs were in attendance at the district assembly held Saturday at Skidmore, which was directed by the state warden, Mrs. May Hughes of Joplin. The lodges at Wilcox, Elmo, Burlington Junction, Graham and Mound City comprise the district represented. The Skidmore lodge treated their visitors in the most approved manner and gave them a splendid dinner and supper. The drill team of the Skidmore lodge put on the work at night. The officers elected were Mrs. Mary Pfeiffer of Skidmore, president; Miss Decker of Graham, vice president; Mrs. Lillie Bosley of Skidmore warden; Miss Lula Gates of Elmo, secretary, and Miss Bertha Thompson of Mound City, treasurer.

'Twas Indian Day.

Assembling day for the Arts and Crafts department of the Twentieth Century club Monday was auspicious, and prophetic of a good year's study in the many instructive lessons the department has arranged for the year. The attendance was large and the enthusiastic interest taken in the program was gratifying to those who had it in charge.

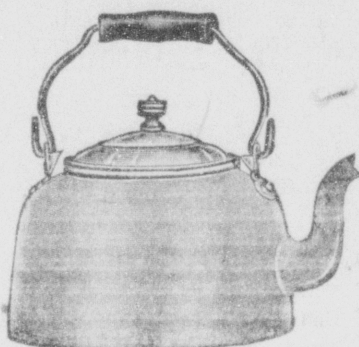

The session was held at the home of Mrs. W. A. Rickenbrode, West Terrace Place, Monday afternoon. After the usual business meeting, the Indian day program was opened by Mrs. J. A. Lesh, dressed as an Indian squaw. Her paper on arts and crafts among the Indians was excellent, and her very realistic impersonation of an Indian woman gave added interest to a charming discussion of the subject. Miss Rena Sturm followed with an entertaining talk on Indian homes and architecture. Miss Marie Brink told of the beautiful and intricate beadwork for which the Indians are famous. Mrs. E. L. Harrington gave some Indian legends, and in a most interesting manner told of their superstitions and beliefs in many weird tales. Mrs. E. G. Orear gave an excellent rendering of the wooing of Hiawatha to a musical accompaniment by Miss Mae Orear. Mrs. Rickenbrode then took up the lesson in basketry, which held the attention of everyone present and seemed the most agreeable part of the afternoon's work to all. Mrs. Rickenbrode had a basket started for each member and they became thoroughly interested in learning how to finish the work begun.

The exhibits of Indian curios consisted of blankets, baskets, beadwork and pottery from the Apaches, Acomas, Navajos, Pecos and Mokis. These were loaned by Mrs. Eva Reaksecker, Miss Mae Orear, Miss Jennie Garrett, Mrs. Scribner Beech, Sr., Mrs. Roy Collins, Mrs. George P. Bellows and Mrs. George Richard Eaton. The exhibit by Mrs. Eaton is the property of Mr. N. Schumacher of this city, and consisted of Indian arrow heads, a pipe of peace and pieces of flintlock, all found in this part of the country. Mrs. Bellows told in a delightful manner the history of the different blankets, the significance of the symbols woven into them and how no two are ever made just alike. She also told of the superstition each squaw held in regard to her work, never allowing herself to weave a perfect pattern all the way through, believing that if she did so her life would end with its making. Miss Mae Orear told of the baskets made by the Indians in California and showed materials from which they

Nodaway Valley Bank

Oldest Bank in the County

Capital and Surplus - - \$125,000.00

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a Savings Department in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our Savings Department with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world and think what it means.

The Savings Department of the Nodaway Valley Bank opened for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m. to 3 p. m.

Don't overlook this invitation to start a Savings Account. Drop in next time you are passing and get started. We have a book for you.

Their use surely and quickly stops stomach distress and improves and strengthens the digestive system so that what you eat is converted into nutrition and the entire system is properly nourished. Money back if not benefited. Orear-Henry Drug Co.

TARIFF BILL BACK IN HOUSE

Believed Measure Will Be Passed Before Adjournment.

COTTON TAX STILL IN DISPUTE

It is Formally Adopted by Vote of Eight to Six—Pig Iron, Cattle, Wheat and School Books to Free List—Income Tax is Amended.

Washington, Sept. 30.—The Democratic tariff revision bill, first on the program of reforms mapped out when President Wilson came into office, advanced to its last congressional stage when it was brought back to the house from the joint conference with the unanimous endorsement of the Democratic conferees. Leaders in both houses of congress were confident that the bill, practically complete now, would be signed by President Wilson before the end of this week. It will scarcely leave the center of the stage before the currency bill, next in line, will be forced upon the attention of the country and coincident with consideration of this will begin the administration work upon the anti-trust and railroad control problems that are to be brought forward when the December session opens.

The house took up the tariff bill at 11 o'clock this morning and it is believed it will be passed before adjournment.

The cotton future tax still is in dispute, the house still refusing to accept the so called Clark amendment by the senate. Expressions from the White House and from congressional leaders, however, indicated that in the final conference over this feature the whole plan might be dropped from the tariff bill and taken up as a separate measure next winter.

Senators Simmons, Williams, Johnson and Shiveley and Representatives Underwood, Kitchen, Dixon and Rainey, the Democrats who have adjusted all differences between the senate and house, excepting only the cotton futures tax proposition, signed the final report, while the Republicans and Progressive members declined to sign it.

Many Changes Are Made.

In the form in which the tariff bill ultimately will go to President Wilson for his signature, it carries many changes from the original Underwood bill passed by the house last May. While the senate gave way on many of its amendments, in the two weeks' fight in the conference committee, many important changes were retained and the general averages of rates of the house bill were reduced about 4 per cent ad valorem.

The report shows the following important alterations of the original Underwood house bill:

The tax rate on incomes above \$75,000 was increased by a graduated scale from 3 per cent to 7 per cent and the income tax exemption reduced from \$4,000 to \$3,000.

Articles added to the free list include pig iron, ferro manganese ore, cheap grades of iron; cattle and other food animals; wheat, flour, flax, hemp, sugar refining machinery; school text books, and blast machinery, indigo dyes, photographic moving picture films, cement, asphalt and many other articles.

The report was submitted to the full committee by Chairman Simmons. After a brief discussion it was approved by the eight Democrats, while the six Republicans, who had taken no part in the conference deliberations, refused to sign it.

CONFESSES MURDER OF BOY

Joseph O'Brien Admits Slaying Israel Goldman at Philadelphia.

Philadelphia, Sept. 30.—Joseph O'Brien, who was arrested on suspicion of having attacked and killed seven-year-old Israel Goldman and then throwing his nude body among some bushes on the golf links of a country club, confessed that he had committed the crime, according to the police.

O'Brien, the police announced, admitted having taken the boy to the links, where the deed was committed, after a street car conductor had identified him as the man who was with the boy Friday night. According to the police the prisoner said he had killed the child because he had called his (O'Brien's) mother a foul name.

The murder of the child was a particularly brutal one.

WOODRUFF STRICKEN

Suffers Stroke of Paralysis After Concluding Political Address.

New York, Sept. 30.—Timothy L. Woodruff, former lieutenant governor of New York, was stricken in Carnegie hall just as he concluded an address at the fusion notification meeting. Physicians who attended Mr. Woodruff announced that he suffered a stroke of paralysis and said his condition was serious.

As he was speaking, Mr. Woodruff turned to John Purroy Mitchell, the fusion candidate for mayor, and complained of a pain in his knee. He continued his address, however, but as he concluded he reeled and would have fallen had not Mr. Mitchell and others on the platform supported him. Mr. Woodruff was carried to an ante-room, where he was attended by two physicians. Later he was removed to his apartments in an uptown hotel.

Keeps Your Stove "Always Ready for Company"

A bright, clean, glossy stove is the pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Give a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush with each can of enamel only. Use BLACK SILK METAL POLISH for silver, nickel, tinware or brass. It works quickly, safely, and leaves a brilliant surface. It has no use for use on automobiles.

Black Silk Stove Polish Works
STERLING, ILLINOIS

REXROAT MURDER MYSTERY UNSOLVED

Widower of Slain Dancer Testifies at Inquest.

Chicago, Sept. 30.—Everett A. Rexroat, a Macomb county farmer, husband of Mrs. Mildred Allison Rexroat, a Chicago dancing teacher, shot to death near Wayne, Ill., Saturday morning, told a coroner's jury the history of his acquaintance with Mrs. Rexroat. His testimony, together with that of W. H. Allison, her divorced husband, and others who knew something of the circumstances under which Mrs. Rexroat visited Wayne, failed to throw any light on the identity of the slayer, and an adjournment of the coroner's inquest was taken until Thursday morning to permit the police to seek more evidence.

The efforts of the police now are centered in a search for "Mr. Spencer," a pupil of Mrs. Rexroat's dancing class, reported to have been infatuated with her and who, she had said, had arranged for her to teach a private class at Wheaton and who accompanied her from Chicago on the night she met her death.

BIXBY IS ACQUITTED

Jury Finds Millionaire Not Guilty of the Charge.

Los Angeles, Sept. 30.—George H. Bixby, a millionaire of Long Beach, Cal., charged with having contributed to the downfall of minor young women, was found not guilty by a jury. Bixby was tried on one of two indictments based on charges preferred against him by Cleo Helen Barker and Marie Brown-Levy, under-age habitués of a resort, the proprietress of which, Mrs. Emma J. Goodman, is now serving a prison sentence as a procuress. Bixby's defense was that he visited the resort only as a philanthropist who had spent thousands of dollars to save some girls and had been required by being made the victim of a blackmail conspiracy.

Meetings Well Attended.

The revival services at the First Baptist church began Monday evening with a good attendance, although the weather was unfavorable.

The services will begin promptly each evening at 7:30, and all who desire to do so are invited to the prayer service in the church parlors that will precede each evening's preaching service. This meeting will begin at 7 o'clock and dismiss at 7:25.

The pastor, Rev. Louis M. Hale, will devote his sermons this week to Christians.

Attended Revival Meetings.

Mr. and Mrs. W. E. Alexander of Pickering were in Maryville Monday on their way home from Burlington Junction, where they visited their nephews, Oa and Ray Lincoln. While there they attended the revival services in progress at the Christian church, Evangelist R. E. Snodgrass having charge of the meetings. There have been forty-three conversions to date.

Frank W. Armstrong of Trimble, Mo., returned home Monday evening, after a visit since Saturday with his parents, Mr. and Mrs. J. J. Armstrong, east of Maryville. Mrs. Frank Armstrong and her mother, both former Maryville residents, returned a few days ago from a summer's visit with Dr. Karl Malotte and family at St. Anthony, Idaho.

Mr. and Mrs. Arthur Best and children of Pottsville were guests Sunday night between trains of Mr. and Mrs. C. F. Remus. They were on their way home from St. Joseph, where they attended the fair.

"For Sale," "For Rent" and "Room for Rent" cards at this office, only 1¢

TO HAVE A SALE.

W. O. Garrett to Have One on October 16—What One Paper Says.

The Missouri Ruralist of Sedalia had the following to say about W. O. Garrett of this city:

W. O. Garrett of Maryville believes that the one most important thing Poland China breeders should pay special attention to is the prolific tendencies of their sows. Not that the Poland China sow is weak in this respect, but that the success of any breed depends upon good litters. He is not a stickler for extra good large litters, but believes that a sow is a money loser to its owner that farrows less than seven. That is the standard he has set for his herd. In fact his sows have averaged much higher than that, but he has put the dead line at seven. "I think the boar plays an important part in this respect," he said recently, "and I have made it a point to use in my herd only boars that have come from big litters for several generations and boars that proved they were right in this respect by siring large litters. An extra pig or two in the litter means that much more revenue for the producer and the right kind of a sow should have no trouble in taking care of eight or ten pigs. They won't have if the breeder will be careful in his selection."

Mr. Garrett has had years of experience in the hog business. He learned it under a mighty good teacher. Very few hog men in the business but who remember Uncle Billy Garrett and the work he did to further the interests of the Poland China breeders of this section. Mr. W. O. has been breeding hogs since he was a boy and is in a position to speak authoritatively on the subject. A visit to his herd reveals the fact that he practices what he preaches. His herd this year is in excellent shape, the litters are large and uniform and the sows are the big, roomy, motherly type that insures the growth and strength of the pigs. Chief Wonder by Chief Price's Wonder (B. T. Wray's herd boar) and he by the prize winning Chief Again, measures up to Mr. Garrett's ideal in respect to siring large litters. Breeders and farmers who attend Mr. Garrett's sale this fall, on October 16, will be able to see for themselves what a little careful study and attention along this line has done for Mr. Garrett. Just a sample is the litter of nine out of the A Wonder sow, Wonder Queen, the top of the A. O. Stanley sale last fall. They are a great lot, show fine growth and are uniform to a degree.

Mr. Oakerson Ill of Appendicitis.

County Superintendent W. M. Oakerson was taken suddenly ill Saturday night of appendicitis, and it was feared for awhile that he would have to undergo an operation. He was considerable better Monday afternoon. His mother came over Sunday and is with him. Mr. Oakerson has not yet recovered from the accident that befell him about three weeks ago, when his car ran off a bridge with him and dislocated his shoulder.

Home From Wisconsin.

Miss Mae Corwin returned Sunday night from the Wismo Angling club at Reserve, Wis., where she had been for several weeks in company with a party of St. Joseph friends.

Mrs. Dan Craig and daughter, Rosa, of Clyde were here Monday on their way to Lewisburg, Kan., where they were called by the serious illness of Mrs. Craig's mother, Mrs. S. E. Bryson, and brother, Clarence Bryson.

SULZER WINS A TRIPLE VICTORY

Colleen Bars Testimony Tending to Show Political Bartering.

NOT CHARGED IN ARTICLES.

Colwell Will Consent to Appear if He Won't Be Arrested for Refusing to Obey Subpoena of Frawley Investigating Committee.

Albany, N. Y., Sept. 30.—Governor Sulzer won a triple victory over his accusers at the trial of his impeachment.

Presiding Judge Cullen of the high court barred the introduction of evidence intended to prove that the governor has made a corrupt political bargain with Assemblyman Patrie of Greene county and held that the testimony brought forward to show that he had made similar bargains with Assemblyman Sweet of Oswego county and Assemblyman Prime of Essex was incompetent.

The examination had to do in each case with highway and bridge improvements provided for in bills passed by the legislature, to which the assemblymen were desirous of getting the governor's signature. In the Patrie case, however, no charges were brought in the articles in impeachment and on this ground Judge Cullen threw the charge out.

The Sweet and Prime cases were specified in article VII of the impeachment, charging that the governor had vetoed one and signed the other bill. One assemblyman had failed to support the governor's direct primary bill and the other did so after consulting Sulzer, the managers charged.

The long missing Frederick L. Colwell, the governor's alleged "dummy" in Wall street transactions, is in a sanitarium, according to counsel for the governor, but will consent to testify as the governor's witness under stipulations that he be not placed under arrest for refusing to obey the subpoena of the Frawley investigating committee.

TO VISIT WILDS OF BRAZIL

Roosevelt Party Will Collect Specimens for American Museum.

New York, Sept. 30.—From about the middle of December to the end of March, Colonel Theodore Roosevelt will wander in the wilds of South America. Colonel Roosevelt will sail from New York, Oct. 1, and will spend about two months visiting various cities in Brazil, Argentina, Chile and Paraguay, where he will be the government's guest and he will deliver several formal addresses. Late in December a little river steamer will leave him and his party of naturalists at Cuyaba, Brazil, the head of navigation on the Paraguay river, where the hardships of the journey will begin.

The colonel's companions then will be Anthony Flala of New York, the Arctic explorer; George K. Cherrie of Indiana and Lee E. Miller of Newfane, Vt., naturalists connected with the American Museum of Natural History, under whose auspices the expedition will be undertaken.

ROAD CONGRESS MEETS

Secretary Houston Voices Approval of Government.

Detroit, Sept. 30.—Secretary Houston of the United States department of agriculture, in an address before the American road congress here, expressed his approval of the efforts of the organization and explained the interest of the federal unit with which the government might deal.

It would seem that the basic feature would be such co-operation between the states and federal government as would leave the states the initiative in the selection of roads to receive aid and as much of the immediate construction and maintenance as would be practicable.

"It is also reasonably clear that there must be some automatic check upon the demands to be made upon congress and that this should be afforded through the requirement that the states and the localities should contribute an amount both for construction and maintenance at least equal to and possibly double that contributed by the federal government."

Militants Resume Labors With Torch.

Yarmouth, Sept. 30.—Militant suffragette "arson squads" were again busy. They destroyed the greens of the municipal golf links here with acid, leaving a confession of their crime on the ground and a note saying, "The timber yard was set on fire by us." This had reference to a fire which destroyed \$175,000 worth of lumber.

Whisky Bottle Explains Suicide.

Kansas City, Sept. 30.—A note held down by a bottle of whisky explained the suicide of Dr. E. M. Lawrence, who was found dead in his office in Independence after he had taken poison. "This is the cause of it all," the note read.

Senator Lodge Operation On.

Nahant, Mass., Sept. 30.—Senator Henry Cabot Lodge, senior member of the Massachusetts delegation in congress, who was operated upon for a gastric ulcer, according to his physicians, is "not entirely out of danger."
